Department of Computer Engineering & Applications

Institute of Engineering & Technology

GLA University

Mathura- 281406, INDIA

Acknowledgement

It gives us a great sense of pleasure to present the synopsis of the B. Tech mini project undertaken during B. Tech III Year. This project is going to be an acknowledgement to the inspiration, drive and technical assistance will be contributed to it by many individuals. We owe special debt of gratitude to Mr. Bhanu Kapoor, Technical Trainer , for providing us with an encouraging platform to develop this project, which thus helped us in shaping our abilities towards a constructive goal and for his constant support and guidance to our work.

His sincerity, thoroughness and perseverance has been a constant source of inspiration for us. We believe that he will shower us with all his extensively experienced ideas and insightful comments at different stages of the project & also taught us about the latest industry-oriented technologies. We also do not like miss the opportunity to acknowledge the contribution of all faculty members of the department for their kind guidance and co-operation.

Declaration

I hereby declare that the work which is being presented in the Project Report “**Fly On**”, in partial fulfillment of the requirements for Project is an authentic record of my own work carried under the supervision of **Mr. Bhanu Kapoor, Technical Trainer, GLA University, Mathura.**

Editor Window (Center):

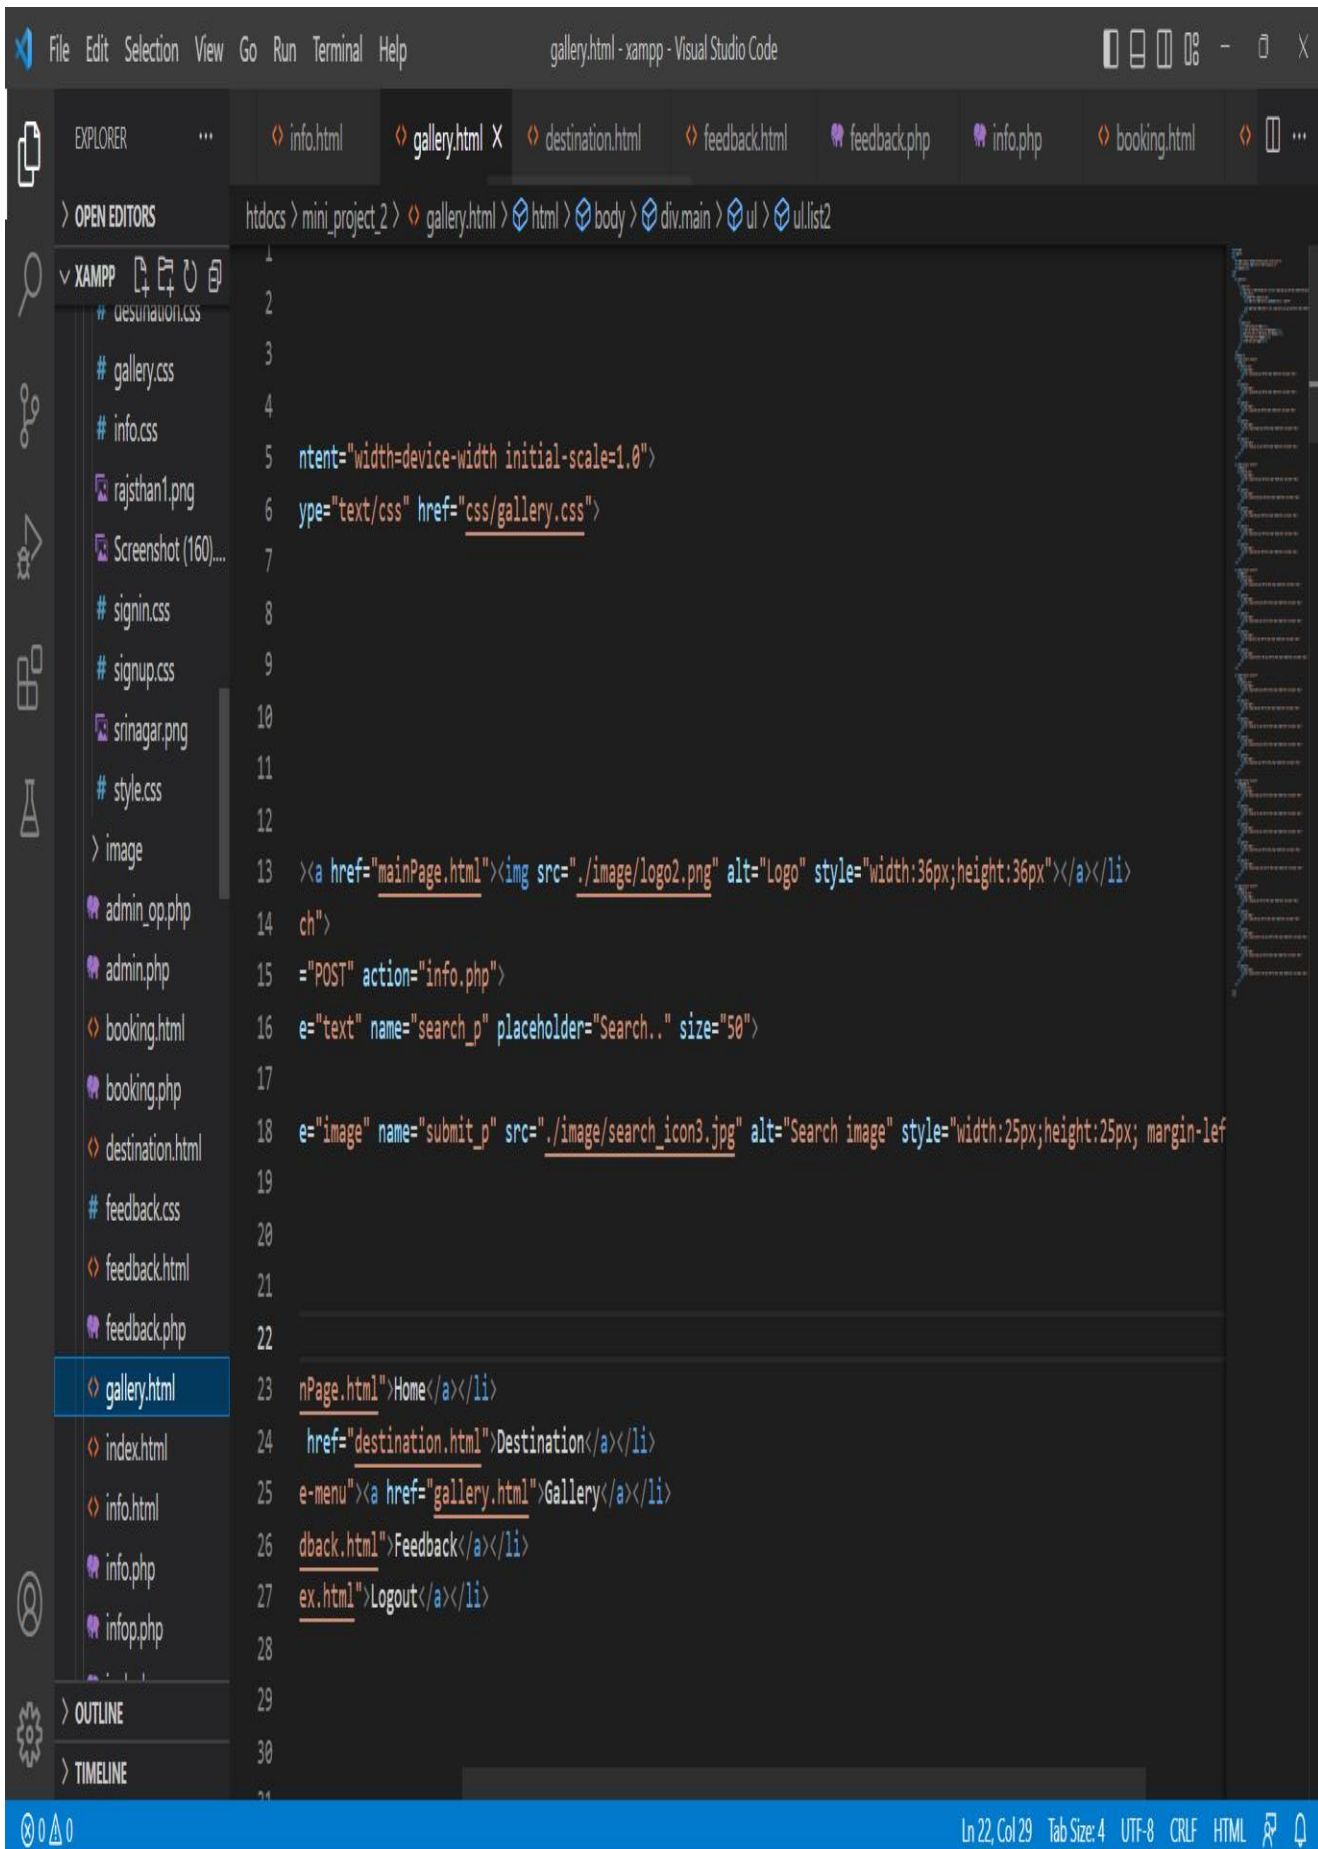

index.html - xampp - Visual Studio Code

htdocs > mini_project_2 > index.html > html > body > form > div.login-box > div.textbox > input

```
1 <!DOCTYPE html>
2 <html lang="entered">
3
4 <head>
5   <title> Sign In Form </title>
6   <meta name="viewport" content="width= device-width, initial-scale=1.0">
7   <link rel="stylesheet" type="text/css" href="css/signin.css">
8 </head>
9 <body>
10   <form name="myForm" action ="signin.php" method="POST">
11
12     <div class="login-box">
13
14       <h1> Sign In </h1>
15
16       <div class="textbox">
17
18         <input type="text" placeholder="Username" name="user" value="" required>
19
20       </div>
21       <div class="textbox">
22         <input type="password" placeholder="Password" name="pass" value="" maxlength="8" required>
23       </div>
24
25       <input class="btn" type="submit" name="submit" value="Sign in">
26       <center> <a style="color: blue;" href="signup.html"> Don't have an account ? </a> </center>
27     </div>
28
29   </form>
30
```

Status Bar (Bottom):

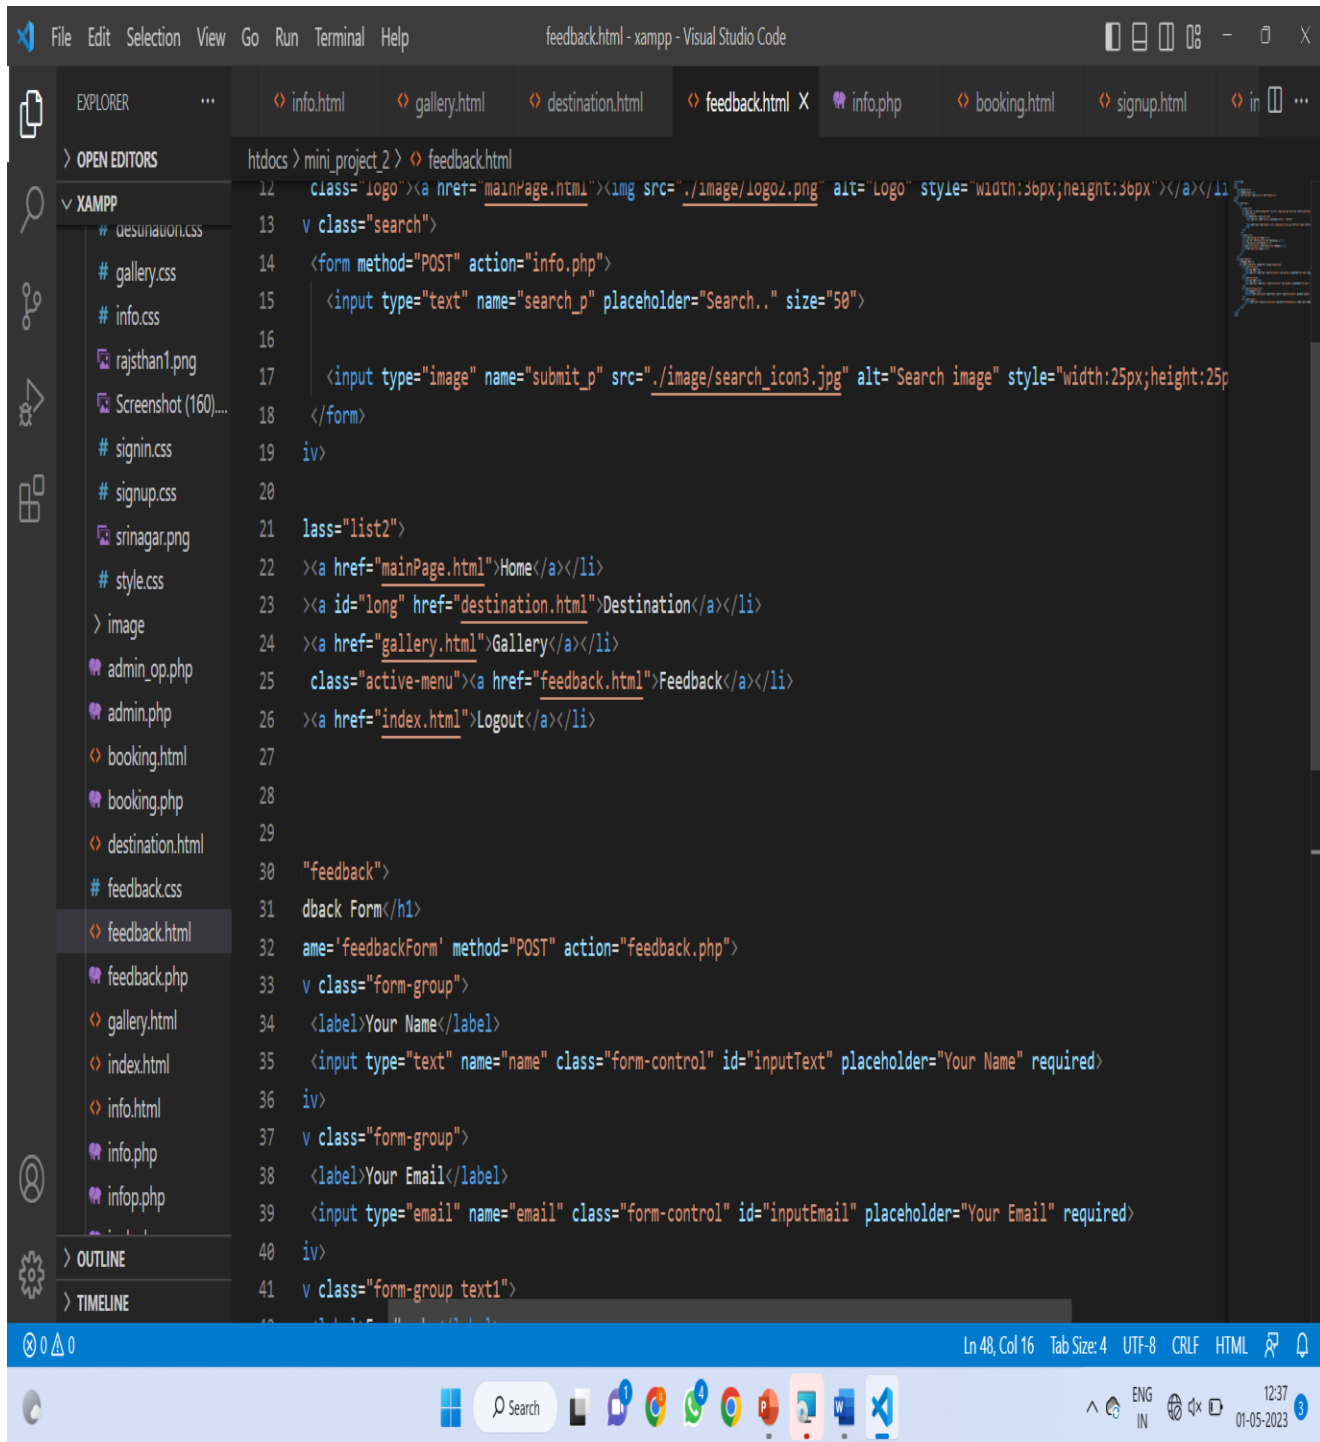

Ln 18, Col 21 Spaces: 2 UTF-8 CRLF HTML

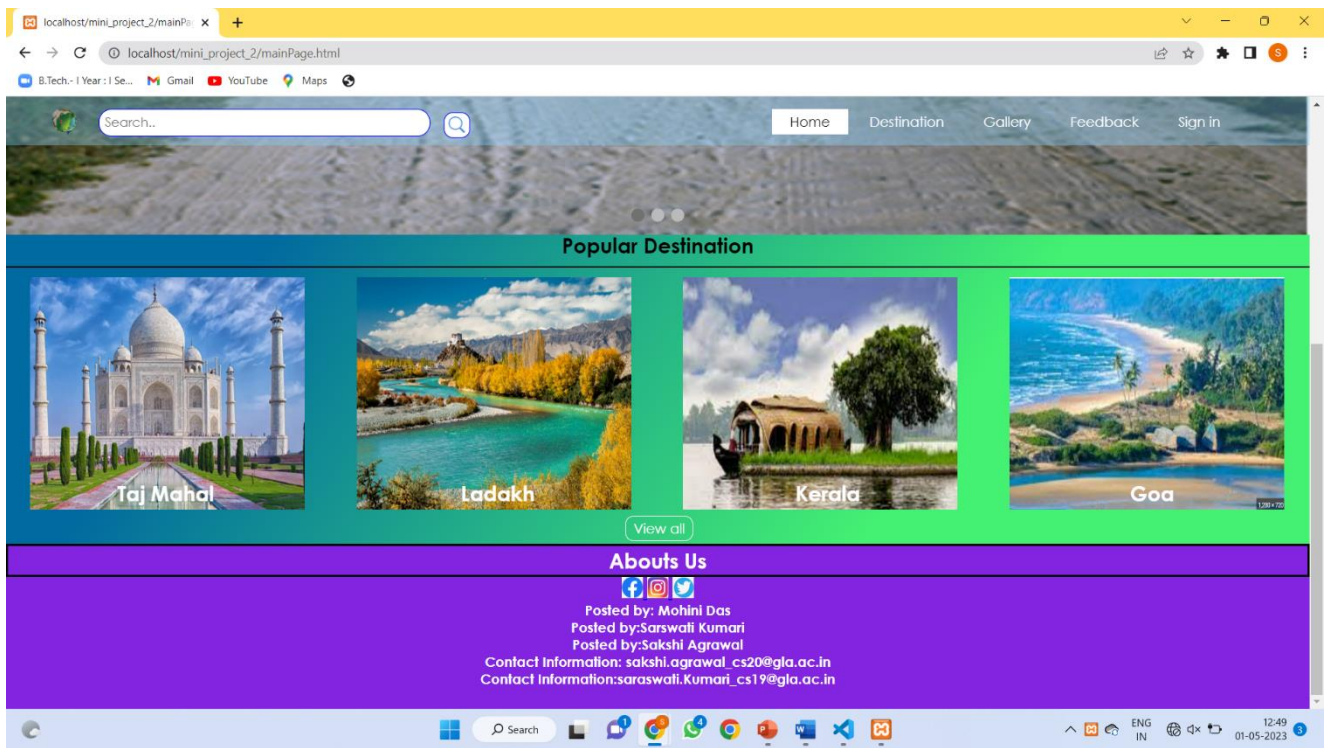

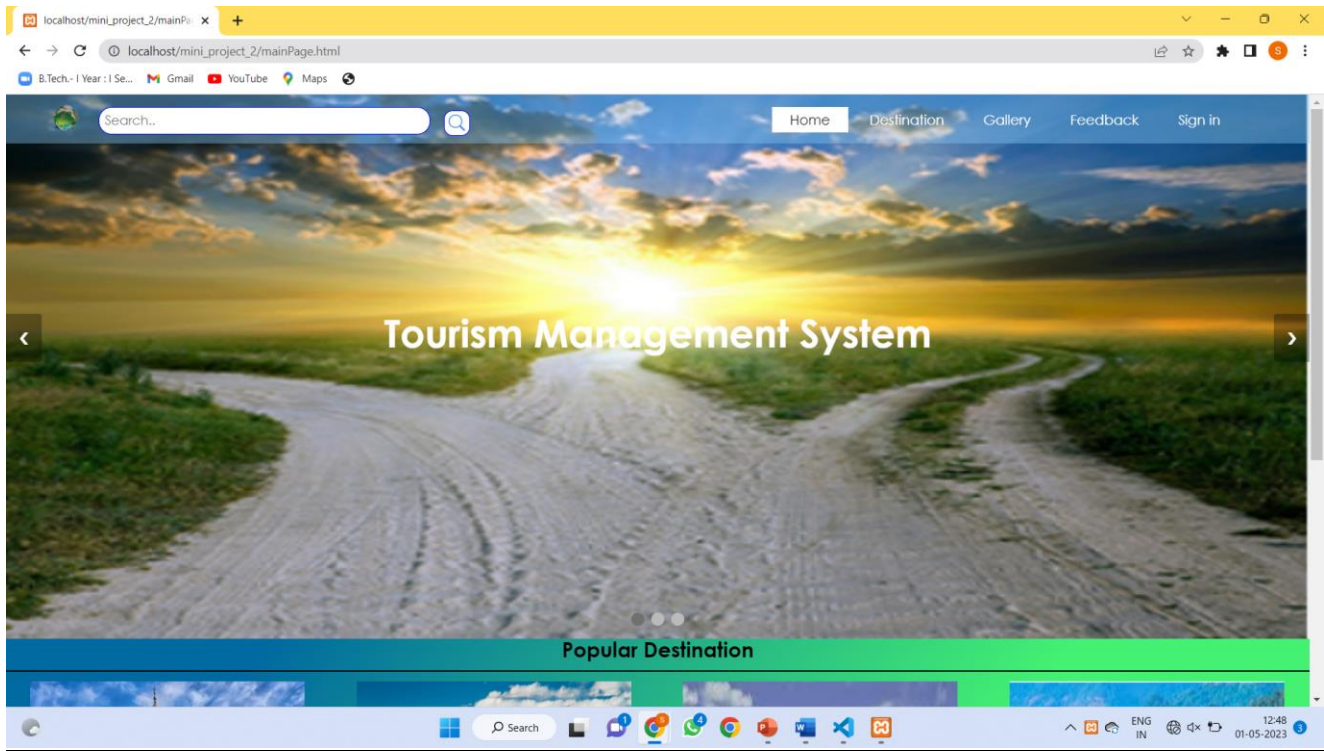

Visual Studio Code interface showing a PHP file named `feedback.php` in the `htdocs > mini_project_2 >` directory. The Explorer sidebar on the left lists files under the `XAMPP` project, including CSS files, images, and PHP files. The main editor displays the following PHP code:

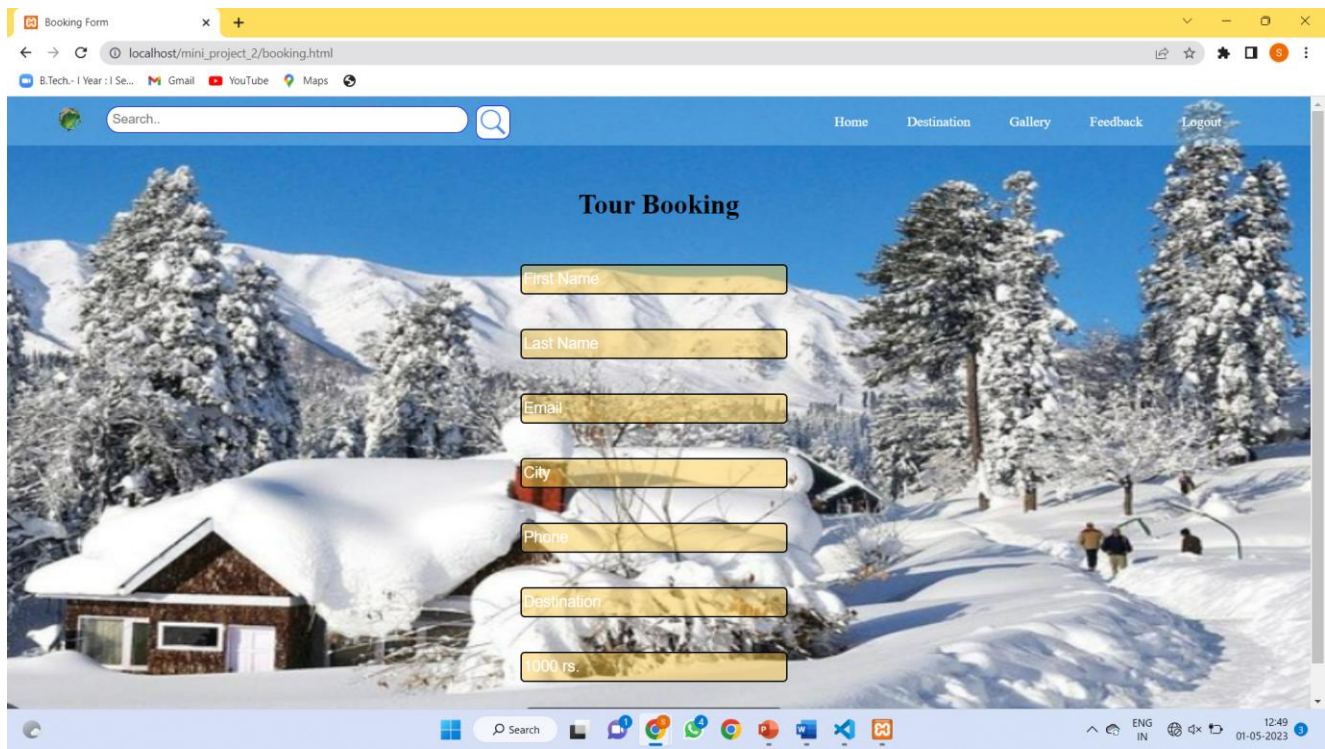

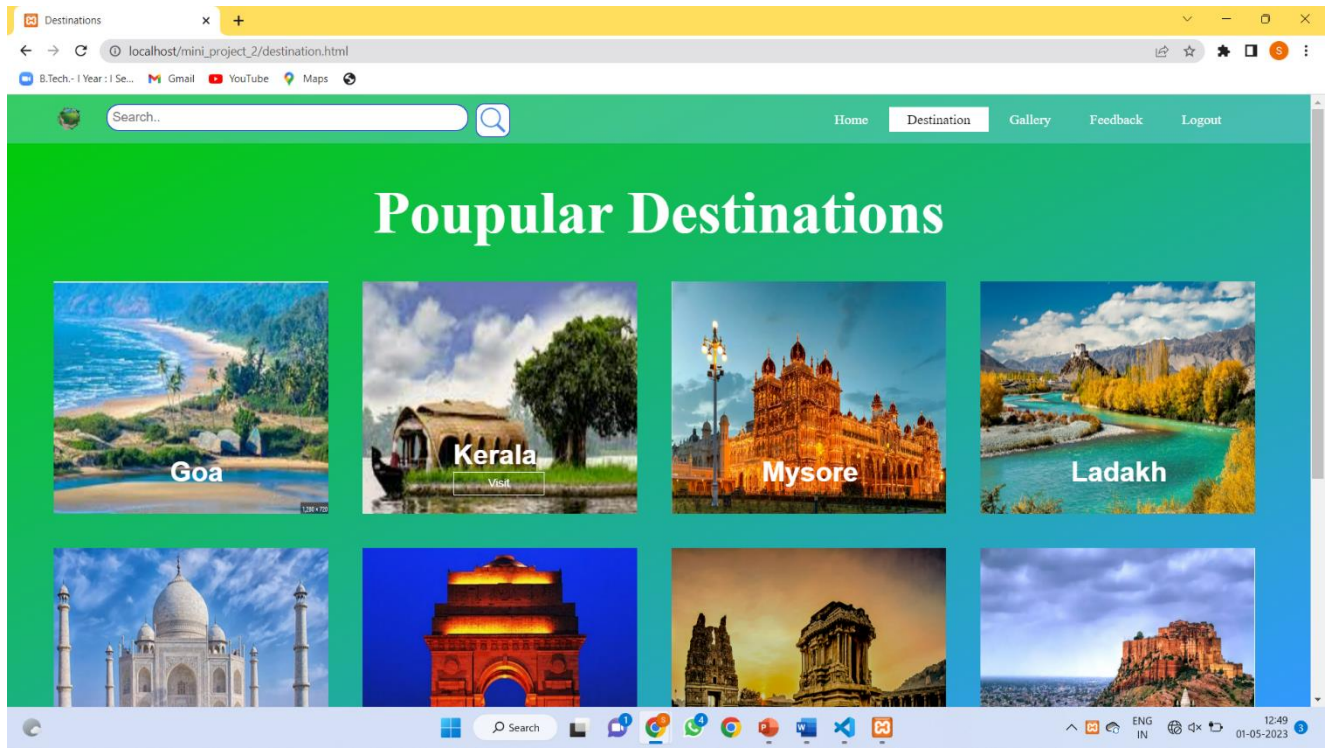

```
1 <?php
2
3 $con = mysqli_connect('localhost', 'root', '', 'project');
4
5 $name = $_POST['name'];
6 $email = $_POST['email'];
7 $feedback = $_POST['feedback'];
8
9 $que="INSERT INTO `feedback` (`id`,`name`,`email`,`feedback`) VALUES (0,'$name','$email','$feedback')";
10
11 $result = mysqli_query($con, $que);
12
13 if (isset($_POST['submit'])) {
14     header('location:feedback.html');
15 }
16
17 ?>
```

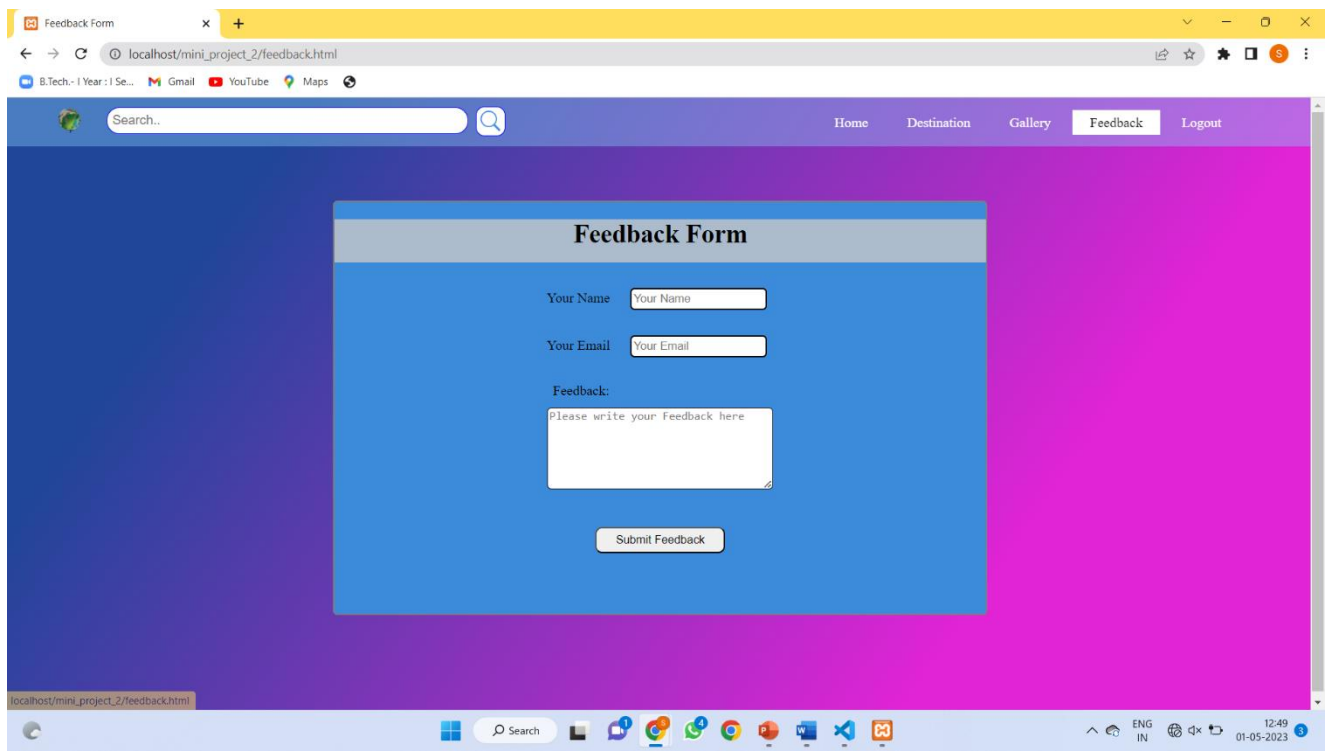

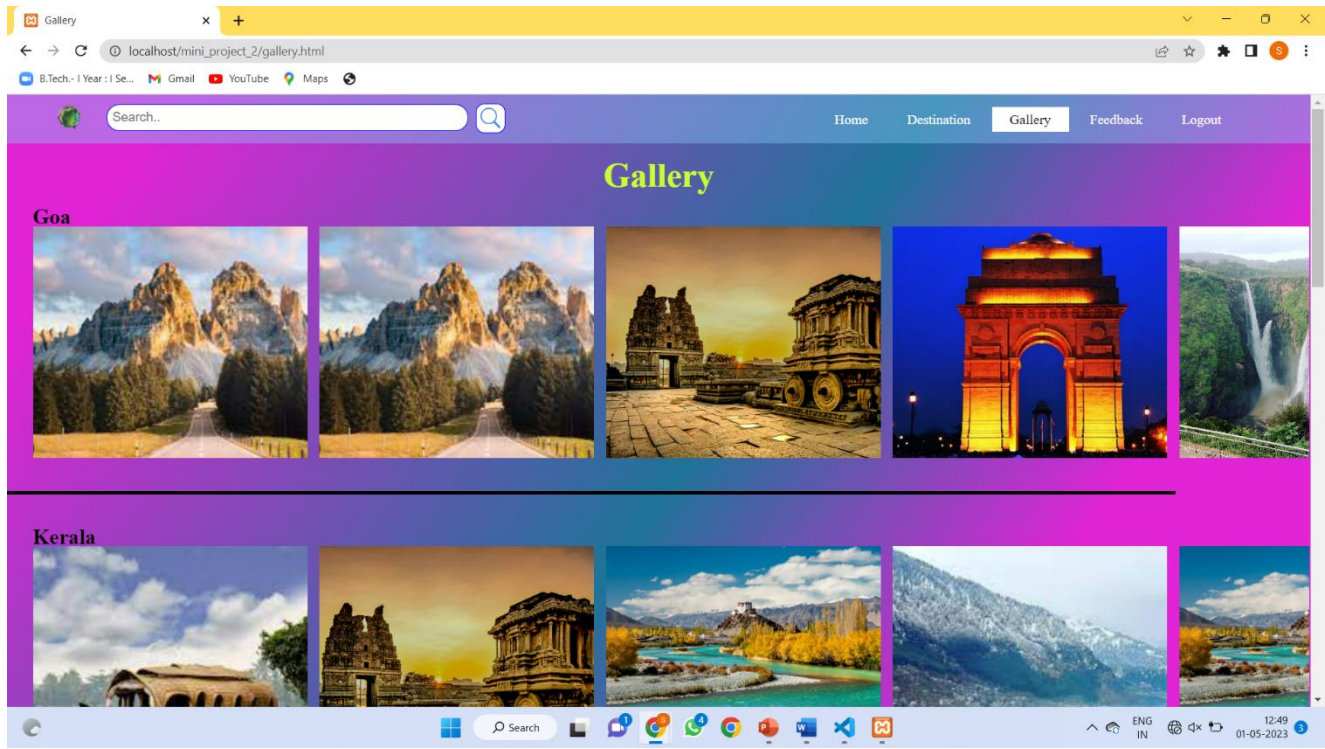

The status bar at the bottom indicates the current position is `Ln 1, Col 1`, the tab size is `4`, and the encoding is `UTF-8`. The system tray at the bottom shows the date and time as `01-05-2023 12:37`.

Future Scope

- This fly on website is futuristic by inculcating new travel trends in its ecosystem making it more feasible for the public. Every other thing is done through online mediums, people prefer using contactless methods.

Conclusion

This traveling website provides an excellent platform for travelers to plan and book their trips with ease. Its user-friendly interface and comprehensive search functionality allow users to browse and compare a wide range of destinations, accommodations, and activities. The website's unique value proposition lies in its ability to provide personalized recommendations based on travelers' preferences and budget. With a wide selection of deals and promotions, travelers can find affordable options for their dream vacations. Overall, this website is a one-stop-shop for all your travel needs and a great choice for anyone looking to plan their next adventure.
